

About

I am a third-year B.Tech CSE student with a solid foundation in C, C++, and Python. Enthusiastic about software development and web development. I possess strong problem-solving abilities, leadership experience, and a collaborative mindset for tackling technical challenges effectively.

Education

Jaypee University of Information Technology (JUIT) Bachelor of Technology in Computer Science and Engineering	Waknaghat, Solan, Himachal Pradesh May 2022 - Present
---	--

- CGPA: 7.93/10

Relevant Coursework: DSA, DAA, Web Development

Army Public School No.2 Class 12th - CBSE (PCM)	Roorkee, Uttarakhand April 2021- April 2022
---	--

- Percentage - 84.4%

Technical Skills

- **Programming Languages:** Python, SQL, C, C++, HTML, CSS, Javascript
- **Software:** Wireshark, PowerBi, Oracle

Project Experience

Chord - DHT	January 2025 – April 2025
--------------------	---------------------------

- Developed a distributed hash table simulation using Python to understand peer-to-peer network design
- Implemented core DHT functionalities like node joining, finger tables, key-value lookups, and stabilization using OOP principles
- Simulated a fault-tolerant and scalable distributed network capable of handling dynamic node changes with consistent lookup performance in $O(\log N)$ time

Pneumonia Detection	June 2023 – December 2023
----------------------------	---------------------------

- Led a 3-member team to develop a pneumonia detection system using MATLAB and chest X-ray image datasets
- Employed image preprocessing and machine learning algorithms to train a classification model with 92% accuracy
- Reduced model training and output generation time to under 20 minutes, demonstrating efficient diagnostic capability for early-stage pneumonia

Soft Skills

Leadership: Served as the Coordinator of Technical Sciences Movies and Photography Club

Teamwork: Participated successfully in multiple group projects

Adaptability: Learnt various programming languages in 1st year to work on different projects

Leadership Skills

Technical Sciences Movies and Photography club Coordinator	Jaypee University of Information Technology August 2024 – Present
--	---

- Supervised and managed a team of 200+ students to ensure smooth execution of all technical activities.
- Conducted web development workshops for 300+ students, providing hands-on training and technical guidance.
- Coordinated and led technical support for 10+ major college events, ensuring timely setup and flawless execution.
